RE: PCI DSS Compliance Assessment

Dear Mr. McShirley:

Thank you for choosing 403 Labs, a division of Sikich LLP (403 Labs), as your Qualified Security Assessor (QSA) to perform your Payment Card Industry Data Security Standard (PCI DSS) assessment.

This letter confirms that Transmodus Corp. (Transmodus) has contracted 403 Labs to assess and validate their environment against the PCI DSS requirements as a Level 1 Service Provider. Transmodus's PCI DSS assessment commenced on February 11, 2016.

Once Transmodus is able to remediate any issues that are uncovered and demonstrate compliance, 403 Labs will document its findings as a Report on Compliance (ROC) and submit the final ROC to Visa and MasterCard for acceptance on Transmodus's behalf.

Adam Perella (aperella@sikich.com) is the Primary Consultant and point of contact for Transmodus during this compliance assessment.

We look forward to continuing our relationship and assisting Transmodus with their PCI compliance. Please let us know if you have any questions we can answer with regard to the engagement or the PCI DSS requirements.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim David", is written over a horizontal line.

Kim David
Senior Manager, Resources
